Only e-mail inquiries addressed to the contact person listed in Section 1.3 will be accepted. Bidders shall provide specific information to enable the state to identify and respond to their questions. When submitting inquiries, please reference the RFP number. At its discretion, Covered California may contact an inquirer to seek clarification of any inquiry received. Bidders that fail to report a known or suspected problem with the RFP or fail to seek clarification and/or correction of the RFP, shall submit a proposal at their own risk.

1.6 Submission of Final Proposals

1. Preparation: Proposals are to be prepared in such a way as to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this RFP. Expensive bindings, colored displays, promotional materials, etc., are not necessary or desired. Emphasis should be concentrated on conformance to the RFP instructions, responsiveness to the RFP requirements, and completeness and clarity of content.
2. Bidder's Cost: Costs for developing proposals or attending Bidder conferences are entirely the responsibility of the Bidder and shall not be chargeable to Covered California.
3. Completion of Proposals: Proposals must be complete in all respects as described in the requirements established within the RFP. A Final Proposal may be rejected if it is conditional or incomplete, or if it contains any alterations of form or other irregularities of any kind. A Final Proposal must be rejected if any such defect or irregularity constitutes a material deviation from the RFP requirements. The Final Proposal must contain all items required in the RFP.
4. False or Misleading Statements: Proposals which contain false or misleading statements, or which provide references which do not support an attribute or condition claimed by the Bidder, may be rejected. If, in the opinion of Covered California, such information was intended to mislead Covered California in its evaluation of the proposal, and the attribute, condition, or capability is a requirement of this RFP, it will be the basis for rejection of the proposal.

Issuance of this RFP in no way constitutes a commitment by the State of California to award an agreement. Covered California reserves the right to reject any or all offers received if Covered California determines that it is in Covered California's best interest to do so. Covered California may reject any offer that is conditional or incomplete. Assumptions made by the Bidder in responding to this RFP do not obligate Covered California in any way. Additionally, assumptions may make the offer conditional and be cause for the offer to be rejected. Responses to this RFP will be assessed based on determining the "Best Value" and the selection, if made, will be to a single Bidder. The SOW and the offer will be made a part of the resulting Agreement.

1.7 Format of Proposals

This RFP requires Bidders to submit a final phase proposal that shall contain all required Administrative and Technical Attachments and Exhibits and submitted in a sealed envelope/container when shipped to Covered California by the dates and times shown in Section 1.2 Key Dates. The sealed package must be plainly marked with the (1) RFP number and title, (2) firm name and address, and (3) must be marked with "DO NOT OPEN", as shown in the following example:

RFP 2013-16

California Health Benefit Exchange
PO Box 13908
Sacramento, CA 95853
DO NOT OPEN

Hardcopy proposals shall be on standard 8 ½" x 11" paper. Electronic versions shall be stored in a Covered California-designated central repository and remain the sole property of Covered California.

Bidder shall submit four (4) sets of copies for all Administrative/Technical Attachments and Exhibits in the sealed Envelope/Container. In the Bidder's best interest, one (1) set should be titled as being the "Master Copy" and the remaining three (3) as additional copies. Bidder shall also provide a CD-ROM with the appropriate Administrative and Technical Attachments and Exhibits in searchable text format (e.g., Word, searchable PDF). Each copy shall be titled and unbound including the additional copies.

Bids not submitted under sealed cover will be rejected.

1.8 Rejection of Proposals

Deviations, whether or not intentional, may cause a proposal to be non-responsive and not considered for award. Covered California may reject any or all proposals and may waive any immaterial deviation or defect in a proposal. Covered California's waiver of any immaterial deviation or defect shall in no way modify the RFP documents or excuse the Bidder from full compliance with the RFP specifications if awarded a contract. **FINAL PROPOSALS NOT RECEIVED BY THE DATE AND TIME SPECIFIED IN SECTION 1.2 KEY ACTION DATES OR NOT SEALED, WILL BE REJECTED.**

1.9 Errors in Final Proposals

An error in the Final Proposal may cause the rejection of that proposal; however, Covered California may, **AT ITS SOLE OPTION**, retain the proposal and make certain corrections. In determining if a correction will be made, Covered California will consider the conformance of the proposal to the format and content required by the RFP, and any unusual complexity of the format and content required by the RFP.

1. If the Bidder's intent, as determined by Covered California, is clearly established based on review of the complete Final Proposal submittal, Covered California may at its sole option correct an error based on that established intent.

2. Covered California may at its sole option correct obvious clerical errors.
3. Covered California may at its sole option correct discrepancy/errors on the basis that if intent is not clearly established by the complete Final Proposal submittal, the Master Copy shall have priority over additional copies.
4. A Bidder may modify a bid after submission by withdrawing its original bid and resubmitting a new bid prior to the bid submission deadline. Bidder modifications offered in any other manner, oral or written, will not be considered.
5. A Bidder may withdraw its bid by submitting a written withdrawal request to Covered California, signed by the Bidder or an authorized agent. A Bidder may thereafter submit a new bid prior to the bid submission deadline. Bids may not be withdrawn without cause subsequent to the bid submission deadline.
6. Covered California may modify the RFP prior to the date fixed for submission of bids by the issuance of an addendum to all parties.
7. Covered California reserves the right to reject any/all bids. Covered California is not required to award an agreement.
8. Before submitting a response to this solicitation, Bidders should review, correct all errors, and confirm compliance with the RFP requirements.
9. All proposals must be based on the Model Contract provided with this solicitation (Scope of work provided in Section 3, and contract General Terms and Conditions provided in Attachment 2). Proposing vendors must submit as part of their response any exceptions to the Model Contract that they wish to negotiate. Vendor exceptions must be documented in an attachment labeled "Proposal Contract Exceptions." All Model Contract exceptions must be included in the Vendor Proposal at the time of its submission. No additional exceptions may be presented during contract negotiations.
10. No oral understanding or agreement shall be binding on either party.

1.10 Protest

A protest may be submitted according to the procedures set forth below. If a vendor has submitted a proposal which it believes to be totally responsive to the requirements of the solicitation process and believes the proposer should have been selected, according to Section 5.3 - Evaluation Criteria, and the proposer believes Covered California has incorrectly selected another proposer for the award, the proposer may submit a protest of the selection as described below. Protests regarding selection of the "successful proposer" will be heard and resolved by Covered California's Executive Director.

All protests must be made in writing, signed by an individual who is authorized to contractually bind the proposer, and contain a statement of the reason(s) for protest, citing the law, rule, regulation, or procedures on which the protest is based. The protester must provide facts and evidence to support their claim. Certified or registered mail must be used unless delivered in person, in which case the protester should obtain

a receipt of delivery. The final day to receive a protest is five (5) business days after vendor selection. Protests must be mailed or delivered to:

1.11 Disposition of Bids

Upon bid opening, all documents submitted in response to this RFP will become the property of the State of California, and subject to Government Code 100508, at Covered California's sole discretion, may be regarded as public records under the California Public Records Act (Government Code Section 6250 et seq.) and subject to review by the public.

1.12 Agreement Execution and Performance

Performance shall start no later than the express date set forth in the RFP by Covered California after all approvals have been obtained and the agreement is fully executed. Should the Contractor fail to commence work at the agreed upon date and time, Covered California, upon five (5) days written notice to the Contractor, reserves the right to terminate the agreement. In addition, the Contractor shall be liable to Covered California for the difference between Contractor's bid price and the actual cost of performing work by the second lowest Bidder or by another contractor.

All performance under the agreement shall be completed on or before the termination date of the agency contract agreement.

1.13 Subsequent Solicitation

At the Covered California's sole discretion, after the contract award has been made and the agreement has been executed, if the agreement is terminated with or without cause after performance has begun, Covered California may engage the next-highest-ranked Bidder without performing a subsequent solicitation.

1.14 Addition or Subtraction of Services

Notwithstanding that bids have been submitted, at Covered California's sole discretion, the scope of work may be modified to add or remove services through an addendum. If bids have been submitted at the time Covered California posts the addendum, Covered California may restrict responses to the addendum so that only those entities that have submitted bids in response to the initial solicitation may respond to the addendum with the modified services.

2. MINIMUM QUALIFICATIONS

2.1 Respondent's Minimum Qualifications

The individual or entity identified in this Statement of Work must have the following skills:

1. Knowledge of the Affordable Care Act law and state-based exchanges;

3. Experience working with public sector programs;

If a Contractor employee is unable to perform duties due to illness, resignation, or other factors beyond the Contractor's control, the Contractor shall make every reasonable effort to provide suitable substitute personnel.
2. Substitute personnel shall not automatically receive the hourly rate of the individual or position being replaced. Covered California and the Contractor shall negotiate the hourly rate of any substitute personnel to the Agreement. The hourly rate negotiated shall be dependent, in part, upon the experience and individual skills of the proposed substitute personnel. The negotiated rate cannot exceed the hourly rate stated in the Agreement.

3. SCOPE OF WORK

3.1 Background

Soon after the passage of national health care reform through the Patient Protection and Affordable Care Act of 2010 (ACA), California became the first state to enact legislation to establish a qualified health benefit exchange. The California state law is referred to as the California Patient Protection and Affordable Care Act (CA-ACA).

The goals and objectives of Covered California are to:

- Reduce the number of uninsured Californians by creating an organized, transparent marketplace for Californians to purchase affordable, quality health care coverage to claim available federal tax credits and cost-sharing subsidies, and to meet the personal responsibility requirements imposed under the federal act (ACA);
- Strengthen the health care delivery system;
- Serve as an active purchaser, including creating competitive processes to select participating carriers and other contractors;
- Require that health care service plans and health insurers issue coverage in the individual and small employers markets and compete on the basis of price, quality, and service (and not on risk selection); and
- Meet federal and state law requirements, guidance and regulations.

Covered California is an independent public entity within California State Government. It is governed by a five member board appointed by the Governor and Legislature. Four of the members are appointed for four year terms, two by the Governor, one by the Senate Rules Committee and one by the Speaker of the Assembly. The California Secretary of Health and Human Services is a voting ex-officio member of the Board. The Board elected the California Secretary of Health and Human Services Agency as Chair, signaling its intention to actively coordinate and collaborate with existing state agencies involved in providing health coverage to Californians.

Covered California works in close partnership with the:

- Department of Health Care Services, which oversees and administers the California's Medicaid Program (Medi-Cal) and other specifically focused health programs;
- Managed Risk Medical Insurance Board, which oversees and administers the California's Children's Health Insurance Programs (Healthy Families and Access for Infants and Mothers), and both the state (Major Risk Medical Insurance Program) and ACA funded (Pre-Existing Condition Insurance Plan) high risk pools;
- The two agencies that regulate health insurance in California, the Department of Managed Care and Department of Insurance; and
- A broad range of stakeholders whose constituencies will be impacted by health care reform.

Covered California is currently reviewing its end to end consumer experience as it relates to the software and expertise operations systems. Covered California is looking to implement new functionality and enhance the existing functionality of the enterprise operations systems, to prepare for the next phase of health care insurance open

enrollment in the fall of 2014. This work will also incorporate Covered California's vision of providing a first class customer service experience.

Covered California currently uses several software applications to support enrollment. The primary system is a custom built operations system for enrollment called the California Health Care Eligibility, Enrollment and Retention System (CalHEERS). CalHEERS supports account creation, consumer application, eligibility determination for ACA programs, and Plan selection.

Other key applications include:

1. Oracle Right Now Customer Relationship Management (used by Service Center representatives) for 360 degree view of consumer: contact notation, selective voice recording; detection of consumer through ANI, and detection of marketing campaign response through DNIS; knowledgebase access; and CTI screen-pop interaction with CalHEERS;
2. MS SharePoint for document collaboration;
3. IVR tools (non-proprietary) available for flexible re-routing to manage volumes; and,
4. Workforce management and reporting tools to track and predict staffing needs for the Call Center.

Covered California is looking for consulting firm with strong expertise in project and change management to quickly confirm Covered California's requirements for system and business changes for next Open Enrollment (OE), and to facilitate design sessions to drive these changes through to documentation for other vendors to implement. Time is of the essence, as changes for OE have a 3-4 month System development Life Cycle (depending on the system impacted), and training materials must also be provided prior to the use of the new changes. For instance, system changes to CalHEERS must be deployed by October 2014 in order to be ready for OE.

Requirements, Design, Development, Unit Test, System Test, User Acceptance Test, Performance and Regression test must all be completed in order for the changes to be implemented. Training and change management materials need to be created based on the completed, new functionality.

The successful bidder will describe how their particular expertise supports the rapid-cycle required to complete the work identified.

Covered California reserves the right to retain the services of the organization resulting from this RFP to assist with other relative activities and related projects embarked upon by Covered California during the established contract period, or through a contract amendment.

Read this document carefully. Responses to this RFP must be submitted to Covered California contact noted in Section 1.3.

Covered California Evaluation Team will evaluate Bidder proposals across the four areas of requirements using the Evaluation Model present in Section 5.4:

1. **Understanding and Approach:** Scoring of this factor shall be based upon the Evaluation Team's assessment of the Bidder's understanding of and insight into the challenges, issues, and risks faced by Covered California as depicted in the Scope of Work, and the feasibility, efficiency, and expected effectiveness of the approaches offered by the Bidder to provide assistance to Covered California. Evaluators will assign scores based upon information contained in the Bidder's Understanding and Approach Narrative. The Evaluation Team will consider, in descending order of importance:
 - a. Quality of the Bidder's approach to addressing scope of responsibilities and activities, including how the Bidder will provide the flexibility to address issues as they arise, while maintaining a high level of quality in the approach;
 - b. Quality of the Bidder's approach to early identification of issues and risks, and how the approach will directly contribute to resolution and mitigation; and
 - c. Demonstrated understanding of the key characteristics of the project in general.
2. **Corporate Qualifications:** Scoring of this factor will be based upon the Evaluation Team's assessment of corporate resources, capacity, and historical track record as they relate to the Scope of Work. Evaluators will assign scores based upon the Bidder's Corporate Qualifications narrative.
3. **Engagement Team Qualifications:** Scoring of this factor shall be based upon the Evaluation Team's assessment of the breadth, depth, and relevance of each proposed team member's experience and credentials. Evaluators will assign scores based upon information contained in Resumes and Staff Experience Summary Forms. The Evaluation Team will consider, in descending order of importance:
 - a. Demonstrated capacity to successfully assume responsibility comparable to that proposed for the individual in the project engagement;
 - b. Demonstrated capacity to perform at a high level in multiple areas of project management;
 - c. General breadth and extent of experience, as indicated by the number of projects, and duration of individual involvement in each;
 - d. Relevance of experience as indicated by the scope and subject matter of project experience; and
 - e. Relevance of education, training, and certifications.
4. **Past Projects Completed:** Scoring of this factor will be based upon the Evaluation Team's assessment of the breadth, depth, and relevance to the Scope of Work requirements, as well as corporate resources and capacity as indicated by the characteristics projects previously completed. Evaluators will assign scores based upon information contained in the Past Projects Completed narrative.

5.4 Evaluation Model

Rating	Relation to Requirements	Strengths	Deficiencies	Weaknesses	Likelihood of Success	Score
Excellent	Superior attainment of all requirements	Numerous and significant in key areas	None	Minor, if any	Very High	10
Good	Expected to meet all requirements	Some and significant in key areas	None	Minor, but are far outweighed by strengths	High	7.5
Acceptable	Capable of meeting all requirements	Some in non-key areas	Minor	Minor, but are outweighed by strengths	Fair	5
Marginal	May not be capable of meeting all requirements	None, or some that are outweighed by weaknesses or deficiencies	Significant	Significant	Poor	2.5
Unacceptable	Not likely to meet all requirements	None, or some that are far outweighed by weaknesses or deficiencies	Needs major revision	Needs major revision	None	0

5.5 Cost Score

Cost (300 points)

Each Bidders cost score will be calculated based on the ratio of the lowest cost proposal to the Bidders cost, multiplied by the maximum number of cost points available (300), as shown in the calculation below:

$$\frac{\text{Lowest Total Cost Bid}}{\text{Bidder Total Cost}} \times \text{Total cost points available}$$

Example: To help illustrate this process, refer to table below, for an example of the cost score calculation process. **Cost figures in the example below explain the calculations and have no other significance.**

Cost Evaluation and Scoring Methodology Example

Bidder	Grand Total Cost	Calculation	Cost Points Awarded
A	\$400,000	$\frac{\$300,000}{\$400,000} \times 300$	225
B	\$350,000	$\frac{\$300,000}{\$350,000} \times 300$	257
C	\$300,000	$\frac{\$300,000}{\$300,000} \times 300$	300

6. PREFERENCE PROGRAMS

6.1 Small Business Preference

Small Business Regulations: This RFP does not include a minimum Small Business (SB) participation preference. However, Bidders are encouraged to sub-contract with SB.

1. Small Business Preferences: Bidders claiming the 5% preference must be certified by California as a small business or must commit to subcontract at least 25% of the net bid price with one or more California Certified Small Businesses (CCSB). Certification must be obtained no later than 5:00 p.m. on the bid due date.

Section 14835, et seq. of the California Government Code (GC) requires a 5% preference be given to Bidders who qualify as a SB. The rules and regulations of this law, including the definition of a small business for the delivery of goods and services, are contained in California Code of Regulations (CCR's), Title 2, Section 1896, and et seq. The SB preference is for California-based Certified SB only.

To claim the CCSB preference, which may not exceed 5% for any bid, the firm must have its principal place of business located in California, have a complete application (including proof of annual receipts) on file with the State Office of Small Business and DVBE Services (OSDS) by 5:00 p.m. on the bid due date (see Section 1.2) and be verified by such office.

6.2 Disabled Veteran Business Enterprise (DVBE) – Declaration & Program Incentive

This RFP does not require Bidders to meet the minimum DVBE participation percentage or goal. However, there is a 5% DVBE incentive for this proposal. A Bidder must complete and submit the **Bidder Declaration – Attachment 1-I** with its proposal package. Failure to complete and submit the required attachment as instructed may render the bid non-responsive. Pursuant to Military and Veterans Code Section 999.2, each State department has a participation goal of not less than 3% for disabled veteran business enterprises. These goals apply to the overall dollar amount expended each year by the awarding department.

6.2.1 Commercially useful function

Only State of California, Office of Small Business and DVBE Services (OSDS), certified DVBEs who perform a Commercially Useful Function (CUF) relevant to this solicitation may be used to satisfy the DVBE participation goal. The criteria and definition for performing a CUF are below. When responding to this RFP, Bidders will need to verify each DVBE subcontractor's certification with OSDS to ensure DVBE eligibility.

CUF Definition California Code of Regulations, Title 2, § 1896.61(l): The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of §1896.61(f); is certified in accordance with §1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing CUF.

As defined in Military Veterans Code §999, a person or an entity is deemed to perform a "CUF" if a person or entity does **all** of the following:

1. Is responsible for the execution of a distinct element of the work of the contract.
2. Carries out the obligation by actually performing, managing, or supervising the work involved.
3. Performs work that is normal for its business services and functions.
4. Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a CUF if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DVBE participation.
