2 NAVIGATOR GRANT PROGRAM

A. PURPOSE OF THE NAVIGATOR PROGRAM

The Navigator Program is a requirement of the Patient Protection and Affordable Care Act of 2010, which prohibits the use of federal grant dollars for the implementation of the program. The Navigator Program will be funded from revenue generated by Covered California.

At a minimum, an entity that serves as a Navigator must carry out the Navigator Program Activities described in the Enrollment Assistance Program regulations (CCR Chapter 12 Article 8 Section 6664), including but not limited to:

1. Maintain expertise in eligibility, enrollment, and program specifications and conduct outreach and education activities to raise awareness about the Exchange;
2. Provide information and services in a fair, accurate and impartial manner, which includes providing information that assists consumers with submitting the eligibility application; clarifying the distinctions among health coverage options, including QHPs; and helping consumers make informed decisions during the health coverage selection process. Such information must acknowledge other health programs, such as Medi-Cal;
3. Facilitate selection of a Covered California Health Plan;
4. Provide referrals to any applicable office of health insurance consumer assistance or health insurance ombudsman established under section 2793 of the PHS Act, or any other appropriate State agency or agencies, for any enrollee with a grievance, complaint, or question regarding their health plan, coverage, or a determination under such plan or coverage;
5. Provide information in a manner that is culturally and linguistically appropriate to the needs of the population being served by the Exchange, including individuals with limited English proficiency, and ensure accessibility and usability of Navigator tools and functions for individuals with disabilities in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act.
6. Ensure that voter registration assistance is available in compliance with California Code of Regulations, Title 10, Chapter 12, Article 4 Section 6462;
7. Provide post enrollment support to ensure successful enrollment and retention, including increasing health literacy, assisting with renewals, and educating consumers on how to avoid disenrollment for non-payment; and
8. Maintain a physical presence in the state of California so that face-to-face assistance can be provided to applicants and enrollees.

B. PURPOSE OF THIS REQUEST FOR APPLICATION

The purpose of this Request for Application is to solicit applications from interested organizations to participate in the Navigator Program. Organizations selected will work with Covered California to develop a strategic workplan for their target market that will leverage existing relationships within their communities to reach eligible consumers to enroll them in Covered California Health Plans. This strategic workplan will take into account the enrollment goals and establish an outreach, education, and retention strategy that incorporates a staffing plan to accomplish the goals of Covered California. The strategic workplan should include a plan to conduct outreach and education throughout the term of the Agreement with enrollment activities concentrated during Open Enrollment.

C. SALES REGIONAL FIELD TEAM

Grantees will be required to participate in Covered California Sales Regional Field Team efforts upon request. These regional field efforts will involve strategy development and collaboration with other Navigator Grantees and local stakeholders. Regional meetings will be held to ensure a shared vision, goals and objectives of reaching Covered California's subsidy eligible consumers.

D. GRANT AWARD PERIOD

The grant award period is from August 1, 2015 through June 30, 2018. The amount of funding in the 2nd and 3rd year will be determined at the beginning of each fiscal year, but will in no event exceed one million dollars per year. Covered California may terminate agreements with Grantees who may not have performed as expected. During the entire term of the Agreement, Navigator Grantees will perform outreach, education, enrollment, renewal assistance, and post-enrollment support activities. The majority of enrollment activities will occur during the Open Enrollment and Special Enrollment periods.

1. GRANT AWARDS

Covered California has allocated up to \$10,000,000 in grant funds for the 2015/16 State Fiscal Year. Funding levels for the second and third years will be determined in June 2016 and June 2017.

Covered California will award grants in the amounts of \$50,000 to \$500,000. Final grant awards will be at the discretion of Covered California.

2. FUNDING

Applicants may submit proposals that reach a target population or a geographic region or both. Applications reaching target populations will be based on non-geographic factors to reach those market segments and populations that have significantly high rates of uninsured individuals. Examples of Target Markets include:

- Hard-to-move populations with high numbers of uninsured (e.g. young adults) who are unlikely to obtain health care coverage because they do not understand the value of having coverage;
- Populations with Limited English Proficiency;
- College students;
- LGBTQ individuals;
- Culturally diverse populations and communities, such as Native American Indians, Latinos, Asians, Asian Pacific Islanders, and African Americans;
- Families with mixed immigration status; and

- Truck transportation;
- Real Estate;
- Automotive repair and maintenance;
- Child day care services;
- Traveler accommodation;
- Hospitals;
- Investigation and security services; and
- Independent artists, performing arts, spectator sports and related industries.

Applications targeting a geographic region may include target markets within a specific county or geographic region. Covered California anticipates funding allocations for each targeted population will be based on the estimated distribution of the uninsured individuals in the targeted population and the number of consumers that the applicant is proposing to reach.
