YOU CAN STILL QUALIFY FOR HEALTH COVERAGE THROUGH COVERED CALIFORNIA'S SPECIAL ENROLLMENT

Although Covered California's open-enrollment period for 2016 has ended, you or someone you know can still qualify to enroll in quality and affordable health plans through Covered California if you've experienced QUALIFYING LIFE EVENTS. Examples of qualifying life events include losing your health coverage, getting married, having a baby, moving, and turning 26-years-old. You normally have 60 days from the date of the qualifying life event to get enrolled in a new health insurance plan or change your existing plan through Covered California. In most cases, you may even qualify for financial assistance to help pay for your health insurance through Covered California, or enroll in no-cost or low-cost Medi-Cal plans. More details about special enrollment can be found on Covered California's website here: <http://www.coveredca.com/individuals-and-families/getting-covered/special-enrollment/>. To enroll, you can get free, confidential assistance by contacting certified enrollers or insurance agents in your area, and can find them listed online at <http://www.coveredca.com/get-help/local/> . You can also enroll by calling the Covered California Service Center toll-free at (800) 300-1506 or by filling out an application online at www.CoveredCA.com.
