Attachment 3 – Performance Standards and Expectations

During the term of this Agreement, Contractor shall meet or exceed the Performance Standards identified in this Attachment. Contractor shall submit the data required by the Performance Standards by the date specified by Covered California. Some of the data required applies to a window of time. Some of the data represents a point in time. This measurement timing is described in more detail in the sections within this Attachment.

Contractor shall monitor and track its performance each month against the Performance Standards and provide Covered California with a detailed Monthly Performance Report in a mutually-agreeable format. Contractor must report on Covered California business only and report Contractor's Enrollees in Covered California for the Individual Exchange separate from Contractor's Enrollees in Covered California for Small Business. Except as otherwise specified below in the Performance Standards Table, the reporting period for each Performance Standard shall be one calendar month. All references to Days shall be calendar days and references to time of day shall be to Pacific Standard Time.

If Contractor fails to meet any Performance Standard in any calendar month (whether or not the failure is excused), Covered California may request and Contractor shall (a) investigate and report on the root cause of the problem; (b) develop a corrective action plan (where applicable); (c) to the extent within Contractor's control, remedy the cause of the performance failure and resume meeting the affected Performance Standards; (d) implement and notify Covered California of measures taken by Contractor to prevent recurrences, if the performance failure is otherwise likely to recur; and (e) make written recommendations to Covered California for improvements in Contractor's procedures.

Performance scores will be determined on an annual basis at the end of each calendar year, based on Contractor's final year-end data for each Performance Standard.

Covered California will provide the Contractor an Initial Contractor Performance Standard Evaluation Report, covering preliminary year end data available, which Covered California will send to Contractor for review no later than February 28th of the following calendar year.

When the results of the Performance Standards are calculated, Covered California will provide Contractor with a Final Contractor Performance Standard Evaluation Report.

If Contractor does not agree with either the Initial or Final Performance Standard Evaluation Report, Contractor may dispute the Report in writing within thirty (30) Days of receipt of that Report. The written notification of dispute shall provide a detailed explanation of the basis for the dispute. Covered California shall review and provide a written response to Contractor's dispute within thirty (30) Days of receipt of Contractor's notification of dispute. If the Contractor still

disputes the findings of Covered California, Contractor may pursue additional remedies in accordance with Section 13.1 of the Agreement.

Contractor shall not be responsible for any failure to meet a Performance Standard if and to the extent that the failure is excused pursuant to Section 13.7 of the Agreement (Force Majeure), or the parties agree that the lack of compliance is due to Covered California's failure to properly or timely perform (or cause to be properly or timely performed) any responsibility, duty, or other obligation under this Agreement, provided that Contractor timely notifies Covered California of the problem and uses commercially reasonable efforts to perform and meet the Performance Standards notwithstanding Covered California's failure to perform or delay in performing.

If Contractor wishes to avail itself of one of these exceptions, Contractor must notify Covered California in its response to the performance report identifying the failure to meet such Performance Standard. This response must include: (a) the identity of the Performance Standard that is subject to the exception, and (b) the circumstances that gave rise to the exception in sufficient detail to permit Covered California to evaluate whether Contractor's claim of exception is valid. Notwithstanding anything to the contrary herein, in no event shall any failure to meet a Customer Satisfaction Performance Standard fall within an exception.

The Parties may adjust, suspend, or add Performance Standards from time to time, upon written agreement of the parties, without an amendment to this contract.
