Insurance Status and Coverage Benefits for American Indians and Alaska Natives in California

- Approximately 152,000 nonelderly adult American Indians and Alaska Natives in California are uninsured

- UCLA study reports that one in five American Indians and Alaska Natives in California delayed or didn’t get medical care they felt they needed in the past 12 months

- The Affordable Care Act is a critical new resource for American Indians and Alaska Natives in California:
  - Approximately 44,000 will be eligible for newly expanded Medi-Cal coverage
  - Approximately 80,000 will be eligible for premium subsidies in the Exchange

Health Insurance Exchanges and the Affordable Care Act

- Health insurance exchanges are the centerpiece of the private health insurance reforms of the Affordable Care Act of 2010
- Exchanges will allow individuals and small businesses to compare and purchase private health plans with standard benefits
- Federal premium credits and cost-sharing reductions will only be available through exchanges
- Exchanges will be established by states or the federal government if states do not act
- Exchanges must open by January 1, 2014
Key Exchange Functions

• Certify health plans offered through the Exchange
• Screen and enroll into the Exchange, Medicaid, CHIP
• Determine eligibility for tax credits, reduced cost sharing
• Grant exemptions from individual mandate
• Establish a toll-free hotline and internet website for applicants and enrollees
• Provide tools to help people choose health plans including standardized information on benefits and an electronic calculator to compare plan costs
• Establish a Navigator program

The vision of the California Health Benefit Exchange is to improve the health of all Californians by assuring their access to affordable, high quality care.

The mission of the California Health Benefit Exchange is to increase the number of insured Californians, improve health care quality, lower costs, and reduce health disparities through an innovative, competitive marketplace that empowers consumers to choose the health plan and providers that give them the best value.
California Health Benefit Exchange Values

**Consumer-focused**
At the center of the Exchange’s efforts are the people it serves, including patients and their families, and small business owners and their employees. The Exchange will offer a consumer-friendly experience that is accessible to all Californians, recognizing the diverse cultural, language, economic, educational and health status needs of those we serve.

**Affordability**
The Exchange will provide affordable health insurance while assuring quality and access.

**Catalyst**
The Exchange will be a catalyst for change in California’s health care system, using its market role to stimulate new strategies for providing high-quality, affordable health care, promoting prevention and wellness, and reducing health disparities.

**Integrity**
The Exchange will earn the public’s trust through its commitment to accountability, responsiveness, transparency, speed, agility, reliability, and cooperation.

**Partnership**
The Exchange welcomes partnerships, and its efforts will be guided by working with consumers, providers, health plans, employers and other purchasers, government partners, and other stakeholders.

**Results**
The impact of the Exchange will be measured by its contributions to expanding coverage and access, improving health care quality, promoting better health and health equity, and lowering costs for all Californians.
Major Areas of Work for the Exchange

- Qualified Health Plans and benefit design
- Small Business Health Options Program
- Marketing and outreach for 2013 enrollment
- Navigator Program
- California Healthcare Eligibility, Enrollment and Retention System
- Tribal and stakeholder consultation
- Development of “blueprint” for federal certification of Exchange in 2013
- …and many more
The intent of this meeting is to begin developing a Tribal consultation policy to achieve the following goals:

- Maximize participation of American Indians through open and regular consultation that creates opportunities for the Exchange to build meaningful relationships with Tribes.
- Begin to develop a formal consultation policy consistent with the Affordable Care Act and Final Rule provisions relating to Tribal consultation.
- Ensure the Exchange maximizes enrollment of eligible American Indians.
